Mr. Jon Pearl
Advanced Product Distributors, Inc.
601A Lofstrand Lane
Rockville, MD 20850

Dear Mr. Pearl:

Just a note to let you know how pleased I am with your fine product Militec oil. I can tell a real improvement in the smooth running of the sewing machines I service. I've noticed metal gears with less noise, plastic bobbin cases with less vibration, main shafts that haven't been serviced for years free up and remain very smooth for a long time without any heat buildup.

I have told my many friends to buy this Militec oil and they will be very very pleased as I am. Thanking you for your fast and very friendly service. I shall look forward to the same great results in my three automobiles as well.

Very Truly Yours,

/s/

Martin L. Epstein
